

DC Power Distribution Module

APPLICATION

The DC Power Distribution Module provides high-quality electrical power for the separate DC-powered components in the Structured Media™ Enclosure. Powered by a single DC power supply, the Power Distribution Module supplies fully-regulated 12 VDC power for multiple devices.

PHYSICAL SPECIFICATIONS

Dimensions: 6.58"H x 2.5"W x 1.5"D
Input: 110 VAC
Output: Provides 12 VDC power @ 1500 mA
Wire Gauge: 18-14 AWC
Bracket: White, ABS

FEATURES

- Contains six removable, double screw terminal jacks
- Each jack utilizes slot-drive screws
- Shipped with six wires containing 18 gauge connectors and 2.1mm power plugs
- Fully regulated (12 VDC regulated output)

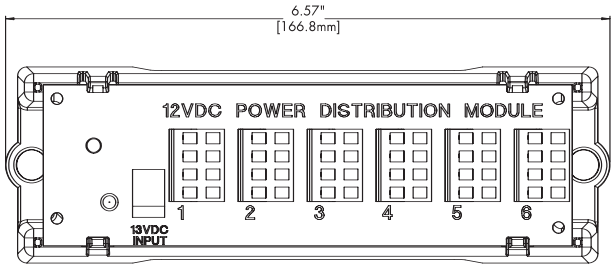

WARRANTY INFORMATION

- Two-year limited product warranty.

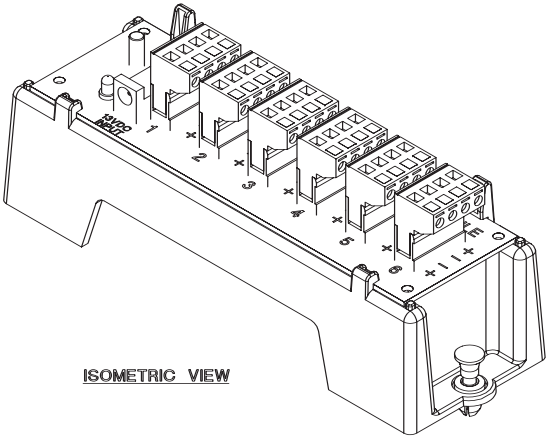

TYPICAL SPECIFICATIONS

The DC Power Distribution Module contains six removable, double screw terminal jacks. It maintains a 12 VDC regulated output. It uses up to 14 gauge wire. The manufacturer provides a two-year limited product warranty.
